***Congratulations....and thank you for
your dedicated and devoted efforts!***

The Schultz-Hill Foundation has been established to promote and support the arts, history and education in South Jersey. In an effort to foster appreciation and awareness, one of our primary goals is to provide educational scholarships, direct grants and funding. We also provide the opportunity to nurture a given talent, or simply broaden understanding of our world and social heritage. The Foundation achieves this through close involvement with academia and performing arts centers. It is this mission and the trustees' personal beliefs that drive us to contribute back to our local communities which have been so good to us.
